

SLATER FACING PRISON

Jury Finds Republican Politician and Ex-office Holder Guilty

VICTORY FOR GOVERNOR

First Fruit Which Resulted from Gov. Harmon's Charge of Crookedness.

Columbus, O., March 30.—Prosecuting Attorney Karl T. Webber yesterday added another to his list of successful graft prosecutions, when a jury in Judge Dillon's court found Mark Slater, former Republican supervisor of public printing, guilty of certifying as correct a false voucher for \$5501.25. He was found not guilty on the first and third counts of the same indictment which charged obtaining money under false pretenses and receiving payments on a false voucher. Slater's conviction represents the first fruits of the legislative graft probes, which are the direct result of Governor Harmon's charge of crookedness in the administration of state offices.

Barring possibility of escape through legal technicalities on an appeal to higher courts, Slater is liable to a penitentiary sentence of from one to ten years. There still remain 12 indictments against him, which may be prosecuted.

As the first step in appealing, his attorney, C. J. Mattern, of Dayton, will file a motion for a new trial. This must be done within three days. Mattern bases strong hope on the fact that lack of approval of the state printing commission for the bill made it illegal.

It took just two and a half hours to reach a verdict, and it was 4:20 when the report was made. Differences among the jurors were not serious and an agreement was reached after the case had been reviewed in the jury room. Lack of understanding of the charge was responsible for the rather peculiar verdict rendered.

One juror explained this with the statement that the jury did not believe Slater actually drew the money and that there was nothing to show, aside from Brelsford's testimony, that he had participated in a division of the spoils. In this respect, instructions relative to conspiracy were disregarded.

Slater himself took the result calmly, but it was a crushing blow to him. His wife, who heard the verdict in the court room, was affected, though she did not give vent to her feelings there.

The silence was intense when Foreman C. R. Hess handed the verdict to Judge Dillon, who, after glancing at it, gave it to Clerk Paul Good to read.

"Not guilty as to the first count," read Good. Slater brightened, while his brother-in-law rushed to Slater's side.

"Guilty as to the second count in the indictment," Good read on. Slater's face fell. The semblance of a smile instantly left his face.

The announcement that he was freed on the third count brought but little comfort to the convicted man and his wife. Mattern, his arms about Slater, tried to cheer him, but to little purpose.

Prosecuting Attorney Karl T. Webber and Assistant McCoy were pleased with the verdict. Webber said:

"The first jury went wrong because sympathy and prejudice with them took the place of reason. They were prejudiced because Brelsford was granted immunity.

"The verdict is a warning to grafters that Franklin county will mete out justice to all, to the man in a high position as well as to the ordinary thief.

Attorney Mattern hadn't a word to say, neither did Slater. Both at the worst looked for a disagreement.

On the whole, the jury was considered a more intelligent group of men than the one which couldn't agree, two weeks ago. The members apparently were less easily swayed by appeals to sympathy. Then, too, the state's case in the second trial was conducted with far greater care than in the first and not a step was overlooked that might be taken to secure a conviction. Mattern's fight was acknowledged to be game.

The jury and a crowded court room heard four hours of impassioned appeal and argument yesterday morning. Mattern's craft was met by Webber's straightforward and clear statement of fact, tending to prove that Slater had helped rob the state as state printer. "Oath breaking, thieving public official," was one denunciation Webber used.

It was nearly 1 o'clock before Webber had concluded and Judge

Dillon read a brief charge, supplementing that given before the arguments were begun. It was favorable to the state on most of the points in contention. Failure of the state printing commission to O. K. Slater's bills was not a defense, the court said. Conspiracy must be shown before Brelsford's acts could be attributed to Slater. Charges on witnesses' interest, prejudice and credibility were added at the request of both sides.

Mattern played his trump card in a masterly address yesterday morning. It was the appeal of a man with a difficult case to defend. He did it as well as could any man.

Robbed of his best weapon, the alleged perjury of J. E. Brelsford, immunized star witness, by Assistant McCoy's argument of Monday, Mattern took a new tack. He challenged the state for not introducing the alleged crooked transactions between Slater and Charles Waealen of Dayton.

He sought to throw out the inference that Brelsford's arrest had come at just the right time, that Mark Slater was being made the scapegoat for all the sins of a careless administration. He brought in the names of former Attorney General Wade Ellis, former Auditor W. D. Guilbert and former Secretary of State L. C. Laylin, of the state printing commission, whose duty it was to check up Slater's bills.

"If we are going to try Slater for carelessness, why in the name of God don't we try them all? Was Mark Slater any more careless than they?"

MOTION FOR NEW TRIAL.
Columbus, March 30.—Attorney Mattern this afternoon filed a motion for a new trial in the Slater case and a respite until April 18.

BROTHERHOOD OF LOCO. ENGINEERS ENDORSE ASHBROOK

Dennison, Ohio, March 30.—The Brotherhood of Locomotive Engineers of Dennison, Ohio, at a recent meeting unanimously endorsed the Hon. William A. Ashbrook as a candidate for Congress. The Brotherhood endorsed both his nomination and election, though a large number of the members are Republicans. They have closely watched Mr. Ashbrook's course in Congress and take this method of manifesting their approval of him for the way he has done things for his constituents.

MURDERERS

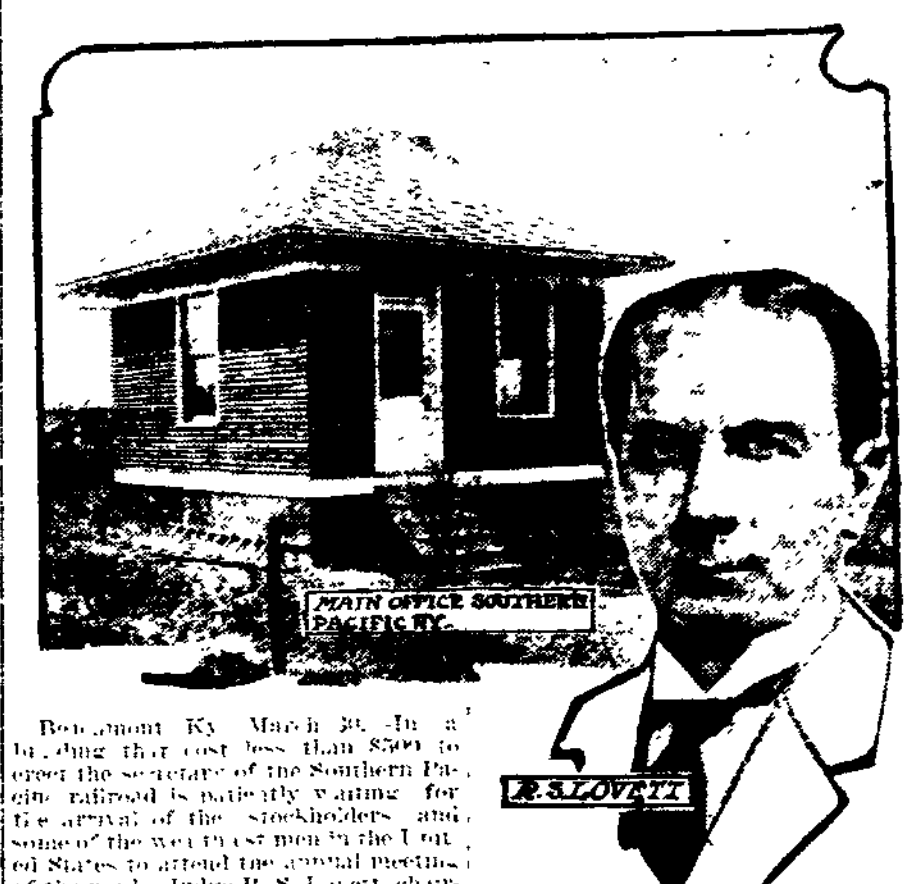

AWAITING ELECTROCUTION IN NORFOLK JAIL CUT THROUGH BARS AND ESCAPE.

Barber Who Attempted to Check Their Flight Stabbed Through the Heart—Bloodhounds On Trail.

Portsmouth, Va., March 30.—John Parker and William Smith, murderers awaiting electrocution in the Norfolk county jail, cut through the bars of the murderers' cage and with another prisoner broke through the roof and lowered themselves three stories to the ground with a rope knotted from their blankets.

James Smith, a local barber, whose body was found this morning with a knife wound through the heart, is believed to have been murdered by the trio when he attempted to check their escape. A posse with blood hounds is on the trail.

\$500 GENERAL OFFICE OF SOUTHERN PACIFIC RAILWAY AND JUDGE LOVETT

Boonmont, Ky., March 30.—In a building that cost less than \$500 to cover the general office of the Southern Pacific railway is patiently waiting for the arrival of the stockholders, and some of the way to get them in the United States to attend the annual meeting of the board of directors of the so-called Harrison road, will play through the mind of Boonmont, which is a suburb of Louisville, to attend the annual meeting. Owing to the fact that the business is conducted through proxies, the little building, which is famous as the central office of one of the greatest roads in the world, will not be overcrowded. The dozen men who will attend the meeting April 1

ROOSEVELT PARTY OFF FOR NAPLES

Sailed from Alexandria This Afternoon and are Due Saturday

COLONEL NOT AGGRIEVED

At Tuesday's Demonstration of Nationalists—Khedive Sends Flowers.

Cairo, March 30.—Colonel Roosevelt and his family left Cairo at 7:45 this morning for Alexandria, and will sail from that city this afternoon for Naples where they are due to arrive Saturday. For fear that Colonel Roosevelt was aggrieved at yesterday's demonstration a number of high officials sought to impress upon him that the affair was in no way a reflection of the sentiments of the best people of Egypt. Colonel Roosevelt only laughed at their efforts, declaring he fully appreciated just what the demonstration meant and looked upon it merely as an interesting incident.

"I only hope there will be no unpleasant aftermath," the Colonel said to one of the officials. "I have been told that the Nationalists are likely to wage their fight now with redoubled energy, owing to the stirring up they have received. If they do, it will be a case of hunting for a location for surety; there was nothing in my remarks to which a true Nationalist could take exception. The only thought of my address to which the Nationalists seem to object was that a people seeking self-government should first prepare themselves for self government."

There is much speculation in official circles as to the effect of Mr. Roosevelt's visit and the events of the next few days will be awaited with the keenest interest. From Sir Eldon Goist, the British agent down, officials fear that the Nationalists will make much capital out of Mr. Roosevelt's address and that it will have the reverse effect from what the author intended.

As usually large number of Nationalist meetings are being called for the near future. The station was filled with friends of the Colonel, including Consul General Liddings, Ambassador Straus, members of his hunting party, a personal representative of the Khedive and dignitaries born native and British in the political and social life of Cairo.

Just before going aboard the train Mrs. Roosevelt was given a large bouquet, reminiscent of the Khedive.

GENERAL KAI AND MODERN TROOPS OF CHINA'S 22,000,000 ARMY.

Peking, March 30.—Yin Tehang, the new Chinese minister of war, is due here April 5 from his post in Berlin, where he has been representing China.

With the arrival of Yin Tehang the active work of putting China on a war footing of 22,000,000 soldiers will be started. From her 400,000,000 or more population China has been quietly at work for years making ready to launch the greatest army the world has ever known. General Yuan Shi Kai will be placed in active charge of the troops.

By education and drilling China expects to demonstrate to the powers that the yellow race must be hereafter considered the greatest of all military organizations. Before leaving Berlin Yin Tehang declared that universal military training would be introduced into China. "We will overshadow all other nations," he said. "We are working out our details to make our young men soldiers through education and

drilling. We will no longer be the weakest nation in military affairs. We are the oldest, and we have the greatest population, and now we will have the greatest army. For years we have had our men inspecting the armies of Europe and America, and we will profit by their mistakes." Already China has well drilled troops, and officers of the European armies have gone on record as saying the Chinaman is one to be a fighter to be reckoned with. The entrance of China's move to the world stage is yet to be settled.

Wylie Elliott, of St. Louisville, a well known bridge carpenter in the employ of the Baltimore and Ohio Railroad company, was the victim of a fatal accident at 8:15 Wednesday morning. Mr. Elliott, in company with a number of other bridge carpenters of the company, went to the railroad bridge spanning Dry Creek, near Vanatta's, to make some necessary repairs. They were at work, engaged in placing braces on the bridge, when one of the braces tilted and Mr. Elliott was thrown into the creek 25 or 30 feet below.

He leaves a daughter, Nellie, aged 15 years; a mother, Mrs. Margaret Elliott, and a brother, Wm. Elliott, all of the home, and four sisters: Mrs. Joe Farmer, of Zanesville; Mrs. James Yates, of Cleveland; Mrs. Charles Fleming, of High street, and Mrs. Perry Atkey, of North Sixth street, this city.

Mr. Elliott was a member of the Ute lodge of Masons, which body will have charge of the services.

WOODS PUBLIC UTILITIES BILL HAVING ITS INNING

Columbus, O., March 30.—The Woods public utilities bill will probably take up the entire afternoon in the house and may break over into Thursday unless some third member stops the law making attacks on the bill with a demand for the previous question. Scores of amendments have been prepared and will be offered as soon as the Breuners amendment has been disposed of.

On a test vote this afternoon the opposition to the Woods public utilities bill, seeking a demand for the previous question, while 64 voted against the amendment.

The Woods' employers' liability bill will come up immediately after the Woods bill is disposed of and will be followed by the general appropriation bill.

LAVA MOVING TOWARDS CITY
A shower of ashes from Mt. Etna, twenty miles distant, covers the streets of Catania, a town of half a foot today. A huge lava stream, the output of thirty boiling craters, is moving slowly towards the city and the people are almost hysterical from fright, although the formation of the lava is such that the stream will probably be diverted and the city saved. SPEEDY TRIAL FOR SUSPECT

Albert Wolter Was Indicted Late This Afternoon

CHILD WAS ASSAULTED

Before Being Backed to Place and Burned in a Gas Range.

New York, March 30.—Albert W. Wolter, the 19-year-old German youth held in the tomlis on the charge of murdering little Ruth Wheeler and burning her body, will probably be indicted by the grand jury this afternoon on the charge of murder in the first degree. Incensed at the brutality of the crime the district attorney's office is co-operating with the police to effect a speedy trial for Wolter. A legal battle will come when the district attorney tries to put Wolter on trial early next week.

Though at first refusing to have anything to do with their wayward son, the parents of little Ruth have retained Attorney Wallace D. Scott to defend him and Scott declares he must be given plenty time to prepare his defense, saying there shall be no "indecent haste" in placing the case in the hands of a jury.

Wolter must be allowed two days after indictment to prepare his plea when formally arraigned. If he is indicted today he will be arraigned in the supreme court Friday and will, through his attorney, enter a plea of not guilty.

A law allows another two days before proceeding to trial. District Attorney Frank Mott, who has been placed in charge of the case, will insist that the trial proceed Monday.

The police are seeking every woman with whom Wolter is ever known to have associated, to find out if he was as they believe, a member of a gang of white slave dealers. They say they have sufficient evidence to convict Wolter and are doing little more to discover evidence against him for the Wheeler crime.

But they are devoting all their attention to breaking up the white slave traffic and hope, through the exposures in this case, to uncover evidence they have so long sought. A number of girls have already been found who have given damaging testimony against Wolter and his associates in this practice. They expect to make a number of arrests in connection with this white slave investigation. This special grand jury impaneled some weeks ago, with John D. Rockefeller, Jr., as its foreman to investigate the white slave traffic in New York is still at work and will probably be called upon to assist the police.

On advice of his attorney, Wolter now declines to see newspaper men in his cell in the tomlis, nor will he talk to the police further regarding his alleged connection with the murder of Ruth Wheeler.

Attorney Scott refuses to discuss the case at present further than to say that when Wolter went to trial it would be with a complete defense which he was sure would free his client.

Whether this defense would be insanity or whether it will be an effort to prove an alibi and hang the crime upon some one else, Scott declined to say.

A motive for the murder of the Wheeler girl has been definitely established by Prof. Larkin of the college of physicians and surgeons, which proved beyond doubt that the child was assaulted.

Attorney Scott, who has been retained to defend Wolter, comes from Sioux Falls, S. D., where he was formerly a law partner of Ex-U. S. Senator Kittredge. Attorney Scott, while in Sioux Falls, acted as attorney for Mrs. Blanche Chebrough Molinoux in her divorce suit against Roland B. Molinoux, after the latter was acquitted of the murder of Mrs. Adams. After the divorce Scott married his client.

WOLTER INDICTED.
New York, March 30.—(3 p. m.)—The grand jury returned an indictment this afternoon after six minutes' deliberation and without having the jury box, charging murder in the first degree against Albert Wolter, charging him with killing Ruth Wheeler on March 24, "by strangulation."

DEFENSE SCORES IN SAYLER TRIAL

Waseka, Ill., March 30.—The defense in the Sayler murder trial scored a notable victory today when Judge Dillab announced that the deposition of the defendants before the coroner cannot be used by the state as evidence.

CAR MEN

OF COLUMBUS FORMULATED A DEMAND FOR INCREASED WAGES TODAY.

Over 300 in Session Last Night. Threaten to Tie Up City Lines By a General Strike.

Columbus, March 30.—The executive board of the newly organized Car Men's union today formulated their demands for increased wages and the reinstatement of men discharged for activity in organizing the union. The rejection of the demands by the company will result in a tie-up of the entire local business.

More than five hundred conductors and motormen were in session from midnight until daylight this morning perfecting plans to enforce their demands. Other Columbus unions have pledged their support in the event of a strike.

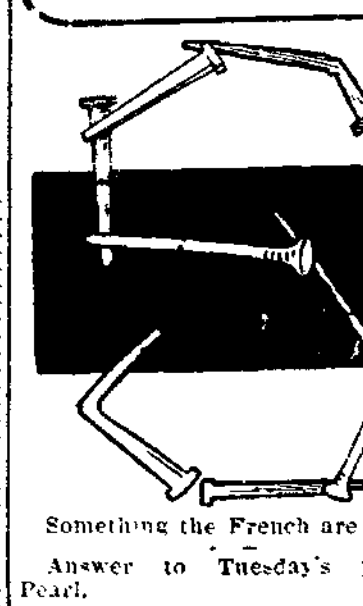

WILL SIGN THE SCALE

Wheeling, W. Va., March 30.—The wage scale demanded by the miners will be signed by the Lorain Coal and Dock company, according to an announcement made at its Bridgeport, O., office today. The company employs 2,000 men and pays out between forty and fifty thousand dollars every two weeks.

IN THE BLOOD.

Tupper Samuasky, O., March 30.—George Mawer, aged 13 years, was rebuked by his teacher yesterday afternoon. At home his foster father reproached him. The boy got a revolver and going back of the house, shot himself in the breast and is dying. Thirteen years ago his father killed his mother, then killed himself.

Remnants Here Kidney Trouble and Never Suspect It

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a brick dust sediment, or settling, stringy or milky appearance often indicates an unhealthy condition of the kidneys. Too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fails almost every time in correcting rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It is said to be the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PRES. WRIGHT IS DEAD AT HOME

Long Illness is Ended and the O. P. League Loses Leader—Quinn May Be President.

Youngstown, March 20.—Samuel L. Wright, president of the O. P. League, died Tuesday night at 9 o'clock, from cirrhosis of the liver, after a several weeks' illness. He was born in Xenia 45 years ago and early learned telegraphy, working in various places for the old United Press. He came here as operator for 15 years ago, was made sporting editor and then city editor of the Youngstown Vindicator. He was manager of the O. and P. team here in 1907 and 1908, when the team won the pennant. He became president of the O. and P. last year, being re-elected in January. He was a member of the Elks. Thursday and the funeral in Xenia Friday. A meeting of the league is scheduled for here today when the schedule is to be adopted. J. H. Maxwell, of East Liverpool, has been acting as president of the league, but there is little question that Bob Quinn, of Columbus, will be selected as the new president at a future meeting.

WHITE SOX CHANGE TRAINING GROUNDS

Fort Worth, Tex., March 20.—The Chicago American team through its representative, Ted Sullivan, is it is said, about to close a deal with the Mineral Wells Commercial Club for training grounds here. The long jaunt to California this spring is it declared, has resulted in placing the majority of the players out of condition.

CATARRH WILL GO

Relief Comes in Two Minutes. Complete Cure in Few Weeks.

Don't go on hawking yourself sick every morning. It's cruel, it's harmful and it's unnecessary. If after breathing Hymel, the wonder-worker, you are not rid of catarrh, you can have your money back. No stomach dosing—just take the Hymel hard rubber pocket inhaler that comes with each outfit, and pour into it a few drops of Hymel. Breathe it according to directions. In two minutes it will relieve you of that stuffy feeling. Use it a few minutes every day, and in a few weeks you will be entirely free from catarrh. Breathing Hymel is a very pleasant and certain way to kill catarrh. Get an outfit today. It only costs \$1.00; it's worth \$10.00 to any catarrh sufferer. For sale by druggists everywhere and by Evans' drug store, who guarantees it to cure catarrh, croup, coughs, colds, sore throat and bronchitis. An extra bottle of Hymel Liquid, if needed, costs but 50c. as the little hard rubber inhaler you get with outfit will last a lifetime.

JEFFRIES WAS NOT INJURED

Mojave, Cal., March 20.—Rumors that J. J. Jeffries had been injured in an accident while hunting, were dispelled today when John Hayes, an automobile stage driver, came in from the desert and reported that the pugilist was enjoying himself at Little Lake. "Nothing the matter with him," says Hayes. Jeffries was at Indian Wells last night and said he was feeling fine. He tramped all the way to Little Lake.

YOUNG GOTCH THREW WINSLOW

Mt. Vernon, March 20.—Young Gotch of Columbus proved too much for Lew Winslow of Marysville here last night in their finished wrestling match for the middle weight championship of Ohio. Gotch threw his man twice within 45 minutes. The match was one of the roughest ever seen in this city. The first fall came in 20 minutes and 22 seconds. An arm bar and half nelson were used. Winslow had slipped out of the same hold just a few seconds before the final one was gotten. The second fall took 23 minutes and 23 seconds. A toe hold and a half nelson was used. Several good preliminaries went to make up the evening's bill, which was very good. A large crowd was at hand and took the work of Clark Dougherty, who refereed nicely.

Stops Lameness

Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first sign of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness—limbers up the joints and makes the muscles elastic and pliant.

Here's the Proof.

Mr. G. T. Roberts of Resaca, Ga., R.F.D. No. 1, Box 24, writes: "I have used your Liniment on a horse for some time and effected a thorough cure. I am so removed a spin on a mule. This spin was as large as a guinea egg. In my estimation the best remedy for lameness and soreness is Sloan's Liniment."

Sloan's Liniment

Mr. H. M. Gibbs of Lawrence, Kans., R.F.D. No. 1, writes: "Your Liniment is the best that I have ever used. I had a mare with an abscess on her neck and one leg. Sloan's Liniment cured her. I kept it around all the time for galls and swellings and for everything about the stock."

Sloan's Liniment will kill a spavin, curb or splint, reduce joint and swollen joints, and is a sure and speedy remedy for fistula, sweency, founder and thrush.

Cures Pimples and Other Skin Diseases

You can't cure pimples and other skin eruptions with external applications. You've got to get at the cause of the trouble—and the cause is inside. Skin eruptions are due to the breaking out of poisons accumulated in the blood. Therefore, to cure skin diseases you must rid the blood of these poisons. For this reason POTOSOL—The Condensed Mineral Water—often most effective and prompt relief from unsightly pimples, black heads, nose pimples, blotches, eczema and hives. POTOSOL accomplishes its remarkable results by increasing the activity of the liver and promoting prompt and thorough bowel and kidney action, thus keeping the blood pure and clean. It is Nature's way of securing and keeping a soft, clear skin; of curing and preventing all those troublesome skin diseases that so often mar that would otherwise be a beautiful healthy complexion. POTOSOL is the powdered substance of the famous mineral waters. Dissolve a teaspoonful in a glass of water. Drink it just as you would at the springs. It is palatable, always fresh, convenient, economical, and the one best way of really bringing into your own home the curative benefits of the world's most celebrated medicinal waters. T. F. RYAN WANTS TO BE U. S. SENATOR FROM VIRGINIA

New York, March 20.—Thomas Fortune Ryan, one of America's greatest millionaires, is in a fair way to reach the goal he has long wanted, and that is to be a member of the United States senate. While head of the American tobacco trust and stockholder in many of the largest trusts in the country, Mr. Ryan has kept his legal residence in Virginia and has been quietly at work for years paying the way for a seat in

THOMAS FORTUNE RYAN

the senate. The long press of Senator Daniel started the Ryan efforts, and the proper steps were taken. Mr. Ryan is credited with doing away with a year to candidates and Ryan has been cutting off the action and getting out of his many projects with the ease of his friends' desire of success in the United States senate. If he can secure this post, his political career will be complete. With the new force at his command Mr. Ryan is a man on a grand scale and his ambition is to be a senator and that is to be a senator.

It's the prospect of a star above his head, but the weather man says to believe it.

AN OLD PAPER HAS BEEN SAVED

Mr. Bradford Bollwee, a well known resident of Newark, has in his possession a copy of The Voice of the People, of the date of June 8, 1861, which he highly prizes. The Voice of the People was published in Newark during the early days of the civil war by J. H. Putnam. It was a 7-column quarto, published weekly, and was liberally patronized by the merchants of Newark. But of all the business men who advertised in the paper at that time, only one, as far as we can see, still lives in Newark. That one is Mr. George Markley, who conducted a furniture store on the south side of the public square, and only retired from active business a few years ago. William Bell, Jr., was sheriff at that time, and J. E. Rankin was deputy sheriff, and Gibson Atherton was mayor of Newark. The leading editorial is on the death of Stephen A. Douglas and is several columns in length. All the column rules, on the editorial page are turned. Another interesting article on the editorial page is by the Rev. Dr. Putnam on "The History of Our Flag." The price of the paper was \$1.50 a year.

ADVICE TO WOMEN

A Message From a Famous Beauty Specialist to Women Lacking in Energy and Vitality.

Thousands of women vainly attempt to improve their complexions and to remove blemishes, crows' feet and other blemishes through the aid of cosmetics. This treatment fails because the trouble lies far deeper than the skin. They are suffering from impure and impoverished blood. This condition is in many cases due to a catarrhal condition of the whole system which finds its expression in sallow, muddy complexion, dark-circled eyes, general weakness of the system, and perhaps most plainly in the weeping of mucous membranes that is commonly caused catarrh.

In fact this whole tendency is, properly speaking, Catarrh. The complexion will clear as if by magic, eyes will brighten, faces become rosy and snouder, erect. Perfect beauty goes only with perfect health, and perfect health for women can only be obtained through one certain treatment—that which will cure catarrh.

Miss Swift, New York, the famous beauty specialist, known throughout the world and an accepted authority on all relating thereto, states that the one positive and permanent relief for catarrh is Rexall Mucin-Tone. Here is her letter:

I can strongly endorse the claims made for Rexall Mucin-Tone as a cure for systemic catarrh. Its tonic effects are remarkable. It builds up the strength and restores vitality. If women who are tired and run down, lacking in energy and vitality, will use Rexall Mucin-Tone, they will prove as I do its strengthening and healing qualities.

Rexall Mucin-Tone works through the blood, acting thus upon the mucous cells—the congestion and inflammation of which causes local catarrh. This remedy causes persons to be expelled from the system, and the blood is purified and revitalized. Thus the natural functions of the mucous cells are restored, and the membranes are cleaned and made strong. We know that Rexall Mucin-Tone does relieve catarrh. We positively guarantee to refund the money paid for this remedy in every case where the user is dissatisfied. It is a builder of vigorous health and a creator of good complexions. Price 50 cents and \$1.00 per bottle. Mail orders filled. It may be obtained only at our store, The Rexall Store, Hall's Drug Store, 10 North Side Square.

A GREAT PUBLIC BENEFIT.

However prejudiced some people are against advertised medicines the general public is greatly benefited by some. For instance such standard remedies as the Cod Liver and Iron preparation called VINOLO. Its ingredients are printed in every bottle and its worth has been proven so often in cases of severe coughs and colds and to create health and strength for the weak and run-down that its sale will continue to increase in the future as it has in the past. We Treat You 30 Days FREE

Blood Poison can never be cured with mercury or potash. You might as well know the first as last. Medical authorities say so. The most these drugs can do is to drive the blood poison back into the system and smother it for several years. Then when you think you are cured, pitiful mercury eruptions will break out and you find that your bones have been rotting all the while. Your teeth will begin to loosen and your tissues, glands and vital organs will show the terrible destructive power of the mercury and potash. Locomotor Ataxia, Paralysis, Impotence and Premature Death are then almost inevitable. Any medical authority will corroborate these statements. The remarkable vegetable obbacc treatment does not drive in the

Blood Poison

but drives it out. It positively cures in a matter of weeks whatever, so that one cured by the obbacc treatment you never run the terrible risk of having your bones rotted, your nerves collapsed, your teeth fall out, your kidneys degenerate or your brain weakened. The obbacc treatment is a marvel, producing remarkable changes in only 30 days. This is why we offer to any blood poison victim living, no matter how bad a case, a 30-day treatment FREE.

You want to be cured and cured quick—not poisoned with mercury and potash for years. A 30-day treatment is yours for the asking. You will open your eyes at what it will do for you in a month. We treat you free for a month. Just write to us and get the treatment free. Then if you are satisfied in the most remarkable treatment you ever took, you can continue if you wish. Never in your life will you ever again have such an opportunity for a complete cure, as is given you by this

Great Obbacc Treatment

This is a square deal. You can't take the treatment. The wonderful Wasserman Test, the only blood test known to scientists, proves that the body is completely purified by the obbacc treatment, and that mercury and potash do not cure blood poison. Sit down and write to us, giving a full history of your case in detail. We will treat you better than you could expect. We will send you the remarkable book, "Driving Out Blood Poison" free.

ALLEGED ASSAULT ON LITTLE GIRL

A serious affidavit against James Kecsco, a Hungarian, has been sworn to by Paul Turner, the father of a little three-year-old girl. The affidavit was drawn up by Prosecuting Attorney Paul B. Smythe and Kecsco is charged with making an assault on the little one with the intention to carnally know and ravish her. The case will be pushed to the limit and if guilty the foreigner will undoubtedly be given the extreme limit of the law.

The trouble is said to have happened Tuesday afternoon when the little girl, barely able to talk, was taken into an outhouse in the Hungarian colony on Beech street by Kecsco. The child was badly frightened and in her childish way told the story in her native tongue to her father, who in turn related the facts in broken English to the prosecuting attorney.

As soon as he learned of the incident Prosecutor Smythe went before Mayor Atherton and drew up the affidavit which the father of the little girl signed. It was turned over to the police department and Kecsco will be arrested some time today.

The U. S. Government, whose requirements are for the best of its kind, recently placed an order for 4,500,000 barrels of this Portland Cement for Panama Canal construction work. You can get this cement from the P. Smith Sons Lumber Co. 8-14604-11

AMUSEMENTS

"POLLY OF THE CIRCUS."
"Polly of the Circus" was presented by Frederic Thompson at the Auditorium theatre and was truly a circus play, having a troupe of acrobats, three ponies, trained dogs, a horse and numerous clowns. The play has a line of pathos through the story and is built of the meeting and intermingling of contrasting characters.

Polly, a circus rider, is injured in her act while the show is playing in a small western town, at which place the tent has been placed adjoining a church and parsonage. The broad minded minister takes the little rider to his home and cares for her in spite of the objections of the congregation and townsfolk. Slowly she recovers, but remains with the minister, who undertakes her education and incidentally they fall in love with each other. The stinging remarks of the narrow minded village people reaches the girl and she returns to the circus, but when the show returns to the town for a return date, Polly is again hurt and the minister persuades her to give up the circus life which has become disagreeable to her, and become a "minister's wife."

The role of Polly, originated by Mabel Taliaferro, was given last night by Ada St. Leon, a very pretty actress with a charming personality, and much ability. With the exception of the first act, during which she made the mistake of failing to speak loud enough for her voice to carry beyond the first few rows, she gave a delightful conception of the part. Earl Ryder as the minister, is of commanding appearance, possessing a voice that makes his lines a pleasure, and he capably exhausted the possibilities of his role. Kate Jepson as Mandy Jones, the colored housekeeper, very cleverly carried the comedy part.

The stage sets showed careful selection and the story gave opportunity for original ideas. The last three scenes were especially attractive, showing the grounds of the circus, leading from the dressing tent to the main tent, the inside of a circus with the show in full operation and lastly shows the departure of the show in the distance, with the outfit in miniature pulling up the road.

Polly of the Circus has an interesting story, which is well told and cleverly acted by a very evenly balanced company.

"THE MAN ON THE BOX."
Few comedies produced in recent years have aroused so much hearty laughter as the play "The Man on the Box," taken from Harold McGrath's

MY DOCTOR MIGHTY FINE

Mrs. Mattie Cain of Carrsville
Thanks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Mattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh! how dreadfully I suffered!"

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!"

"From the first bottle, I began to mend and now I am well. I can do more work, can walk and go where I please, and it doesn't hurt me, and I owe it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 30 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

popular novel of the same name, and theatre goers of this city will undoubtedly be well pleased to learn that this good play will be the attraction at the Auditorium theatre Thursday, March 31.

From start to finish, its plot, its characters and its incidents are provocative of laughter. Comedy is always in high favor with theatre goers, and the full capacity of the theatre will surely be required for this performance.

The play will be presented here by a special company, headed by William Walter in the role of Bob Worburton, supported by Miss Louise Langdon and a cast of metropolitan favorites. The play will be staged with special settings, and the production will be complete to the smallest detail. Seats on sale at the box office.

A group in "The Newweds and Their Baby" at the Auditorium Theatre April 11.

"THE NEWWEDS AND THEIR BABY"

George McManus, the cartoonist, who created "The Newweds and Their Baby," well known to Newark, was dismissed from school because of his artistic proclivities. "The Newweds and Their Baby," the big 9-1-2 people music show, will arrive in town on April 11.

But to return to Mr. McManus and the escape of his youth. The offense which led to his expulsion from high school was the discovery by the teacher of a penciled likeness of herself. It didn't resemble Mrs. Newweds either. She took the tell-tale evidence from the youngster and sent it to his father, who was then manager of the Grand Opera House, with a note stating, "This is what your son does in school."

When Mr. McManus, Sr., had studied the sketch carefully he hesitated for awhile.

"Well, well, I did not know George could draw," he said to the members of his family. "If he is as good as that he ought to go to drawing school." The next day the unruly George was taken over to the office of the St. Louis Republic where he became copy boy, with plenty of opportunities to watch the artists work. Gradually he drifted into the art room, began drawing frames and lavours until he reached the point where he was called a "real" cartoonist.

His success was immediately recognized by Eastern papers and for five years he has been one of the indispensable of the New York World staff.

"THE CHORUS LADY"

Rose Stahl, who will be at the Auditorium theatre April 12, as the heroine of James Forbes' comedy,

"The Chorus Lady," was visited recently by a young girl who wanted advice regarding a stage career. "Are you getting three meals a day?" Miss Stahl asked. "Have you a place to sleep? If you have, don't go on the stage. It's a life of bitter disappointments."

"The Chorus Lady" itself, as a play, delivers a strong message to "stage-struck" young women. Its story deals with stage life, and it is best summed up in a speech of Miss Stahl's in which she says: "The chorus is all right, all right. It's like everything else it depends upon who goes into it."

Daddy's Bedtime Story

How the Thief Sparrow Got Baked Into a Pie.

"So you want a story about birds, Evelyn?" said daddy. "Well, here's one: Mr. and Mrs. Hop Sparrow, who were very English, came over to this country to make a better living than they could make in England. They didn't have very good manners, though, and were not at all popular with American birds.

"In fact, Mr. and Mrs. Sparrow were so ill-mannered that they thought the whole earth belonged to them and nobody else had any business living on it. So wherever they went they made other birds turn up their bills in disgust.

"Mr. McFudge had built a nice little house for Mr. and Mrs. Pigeon and their seven children, the Pigeonettes. It was away up on the top of a pole in the yard, and there was only one door in it and two or three tiny windows to let in air, but not big enough for any bird to get out through.

"One day along came Mr. and Mrs. Sparrow. They spied this pigeon house and said: 'Well, just take possession. Nobody's at home, so it belongs to us.' Both of them flew in at the door, and Mrs. Sparrow laid an egg in the pigeon mother's nest and made herself very much at home. Mr. Sparrow began eating some berries that Mr. Pigeon had gathered for his children.

"After awhile the whole Pigeon family came home. Mr. and Mrs. Pigeon had been out giving the children some exercise and having them try their new wings. When Papa and Mama Pigeon started to enter their house they were surprised to find Mr. and Mrs. Sparrow inside. They made a great do outside, and the little Pigeons chattered and made lots of noise.

"So Mr. McFudge came out of his house and got his ladder and climbed up to the Pigeon home to find out what was the matter. Mr. Pigeon, who was very tame, was standing right in the doorway, and he didn't budge a bit. Mr. and Mrs. Sparrow, who were great cowards anyhow, couldn't get out, so Mr. McFudge just stuck his hand in after he moved Mr. Pigeon to one side and caught both of the Sparrow people.

"Mr. and Mrs. Pigeon were very thankful to Mr. McFudge for ridding them of their enemies, the Sparrow folks, and the Pigeonettes were so glad that they danced a little jig on the front porch of their home.

"That night little Tommy McFudge had English sparrow pie for supper. This proves that thieves come to a bad end, so far as they are concerned, though Tommy said the sparrow pie was good. If you are honest you will enjoy life better and maybe live a good while longer."

IMPOSSIBLE TO PREVENT STRIKE

Chicago, March 30.—Illinois coal operators declared today it would be impossible to prevent a strike in Illinois next Friday. Unless some agreement is reached 75,000 men will quit in Illinois on that day.

The railroads entering here have about 200,000 tons of coal in storage which will probably last them about two months. The Chicago railroad yards and the yards at division points are all full.

DISTRESS IN STOMACH AND DYSPEPSIA GO

Indigestion, Heartburn, Gas or Headache Vanishes Five Minutes After Taking Some Diapiesin.

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch Gas and Fructose, sour, undigested food or have a feeling of Dizziness, Heartburn, Fullness, Nausea, Bad Taste in mouth and stomach headache—this is Indigestion.

A full course of Pape's Diapiesin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave no mark about the house. In case some one else in the family may suffer from stomach trouble or Indigestion.

Ask your pharmacist to show you the formulae plainly printed on these 50-cent cases, then you will understand why Diapiesin troubles of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapiesin is harmless and tastes like candy, though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but, what will please you most is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for Billiousness or Constipation.

This city will have many Diapiesin cranks, as some people will call them, but you will be cranky about this splendid stomach preparation, too, if you ever try a little for Indigestion or Gas-tricks or any other stomach misery.

Get some now, this minute, and forever rid yourself of Stomach Trouble and Indigestion.

MAYOR FINES VIOLATORS OF THE ROSE LAW

Samuel Vanick, a farmer living on the Licking-Muskingum county line, who was arrested here Monday, charged with drunkenness. Tuesday he filed an affidavit against Gus Kerns, charging him with keeping a place where liquors are unlawfully sold, and against his bartender, William McKintley, charging him with selling liquor contrary to law.

Monday the countryman came to Newark, and as he desired to "oil up" he started out to locate an oasis in a dry desert. According to his story he went to the business place of Gus Kerns as he has known him for some time, and purchased a half pint from Mr. McKintley, the man on duty. As that went down pretty nicely he went back after another and it was then he was arrested by Officer Burke and charged with drunkenness. When taken in custody the bottle was sticking from his pocket.

When asked the customary questions as to where he purchased the liquor he readily told all he knew and swore to the affidavits, which were prepared. Both Kerns and McKintley were arrested and when brought before Mayor Atherton they plead not guilty, but as he thought the evidence warranted it, the mayor fined Kerns \$15 and costs and McKintley drew a fine of \$50 and costs.

"BLACK" BILL FOR REMOVAL OF MAYORS IS TO BE AMENDED

Columbus, O., March 30.—As the "Black" bill for the removal of mayors seems to be lodged in the Judiciary committee of the Senate, Representative Black of Ashland county has offered a substitute in the House. Much opposition to the bill has been due to the provision for a mayor's removal by a common pleas judge. To obviate that objection to the measure the author of the bill proposes a new one providing that the power of removal shall be vested solely with the governor. It provides that a complaint can be made by a single person, signed by 1 per cent of the voters of a city or 2 per cent of the voters of a village. Senator Frank N. Patterson, also of Ashland county, and chairman of the Judiciary committee, does not altogether favor the substitute. He believes that the governor has no power to suspend an elective official under the constitution.

Besides, he is of the opinion that the petition from a village should not be signed by any more voters than from a city. There is to be some substitute offered, if it is not that of Representative Black, and Senators Patterson, Mather and Yount, in the sub-committee, will draft the new proposition.

NOT BENEFITED BY OCEAN TRIP

London, Eng., March 30.—Tom L. Johnson, former mayor of Cleveland, arrived here today and is stopping incognito at the Carlton hotel. Johnson's health is such that no newspaper men are permitted to see him, the ocean trip not having been as beneficial as he expected.

EVERYONE NEEDS S.S.S. IN THE SPRING

This is just a short talk which we hope will be of interest and help to you in selecting the tonic and blood purifier that will be of the greatest value to you this Spring.

That this is the most trying of all seasons on the health is a fact well known to us all. It is the time of year when our constitutions are required to stand the greatest strain, and unless properly cared for the foundation is often laid for physical disorders or disease later on. The great majority of persons are fast coming to realize the importance of preventing disease. Health is our most valued possession, and its preservation is a matter which vitally concerns every one.

Most persons, even those who are ordinarily strong and robust, feel the necessity of a tonic and blood purifier at this season. Some have no particular ailment, but are weak, debilitated and run-down. The Winter life, with its decreased amount of out-door exercise, and the fact that the cold weather has kept the pores of the skin closed, prevented the usual necessary amount of refuse and waste matter from being carried out of the system. These impurities entering the circulation have weakened and thinned the blood, and this vital fluid is therefore lacking in the nourishing properties necessary to sustain and preserve systemic health. When warm, active Spring life begins.

The general bodily weakness, tired, worn-out feeling, fickle appetite, poor digestion, etc., show how weak and anaemic the blood has become. Frequently skin diseases, pimples, eruptions, boils, etc., break out on the skin, and this is evidence of the impurity of the circulation.

S. S. S. is the medicine needed to correct this condition, and is the only one on which you can rely to supply the system with the best tonic effects, and at the same time thoroughly purify the blood. The use of S. S. S. at this time may save you from a long spell of sickness, and it will certainly prepare you for the strain of the long, hot Summer.

Many people have put off using a tonic until the system became so weakened it could not resist disease, and have paid for the neglect with a spell of fever, malaria, or some other trouble. S. S. S. is Nature's ideal tonic and blood purifier, made entirely of the pure extracts of healing, strengthening, health-giving roots and herbs. It tones up the stomach and digestion, rids one of that tired, worn-out feeling, improves the appetite and digestion, and in every way contributes to the strengthening and building up of the entire system. S. S. S. is recognized everywhere as the greatest of all blood purifiers, and this combined with its unequalled tonic properties, make it a medicine needed by every one in the Spring.

NEW FLAG POLE WAS DEDICATED AT DENISON

Exercises Occur Wednesday Morning, With Large Crowd Present. Granville News.

Granville, March 30.—The handsome new steel flag pole that was given to Denison university as a memorial by the members of the class of '09, was dedicated with interesting and appropriate ceremonies on Wednesday morning. The ceremonies incident to the dedication were held immediately after the regular chapel exercises and there was a large crowd composed of students, town people and others in attendance. Dr. E. W. Phillips, stowed about the veranda, made some interesting remarks, while a number of the members of the class of '09 also had something to say, and a number of old soldiers, veterans of the civil war, who had been especially invited by Dr. Hunt, were present and added dignity to the occasion. The pole is immediately in front of and between Doane Academy and Tallot Hall and rises 92 feet above the campus. There is to be an ornamental concrete base about three feet high and four feet square, to be placed around the bottom of the pole, which will bear a suitable inscription. A fine United States flag of standard regulation, 15 x 25 feet, has been provided by the class. Mr. E. E. Hopkins of the class of '08, presented the pole and flag to the university, and the Rev. Mr. Ramsey on behalf of the faculty and students, accepted the same. Three old soldiers, a Mexican war veteran, a civil war veteran and a Spanish-American war veteran raised the flag, which was fluted to the top of the pole. Miss Ann Barrett of the class of '09 then pulled the string which released the beautiful flag, and a shower of at least one hundred small flags fell to the ground, amid the plaudits of the assemblage. All then joined in singing "The Star Spangled Banner." The exercises were held on the campus where a platform had been erected, on which were seated all the old soldiers.

Mrs. Roy S. Edwards, who has been visiting at the home of her parents, Mr. and Mrs. Burton Case, has gone to Richmond, Ind.

Wednesday morning the annual contest between the Irving and Cicero Literary societies was held in the Town Hall.

Miss Charlotte Eddy of King hall, will be the guest of Miss Mamie Geach during vacation.

A number of Granville township farmers have decided to devote more time and pains to the raising of live stock. A farmer over in Logan county recently sold his surplus hogs and cattle for \$7,000, and he will doubtless buy another farm and an automobile with his profits on one season's work. Let us all join in singing that grand old song, "To Be a Farmer's Boy."

Miss Allene Callahan, teacher in the public schools, who has been so seriously ill for the past several weeks, is able to be out again.

Mr. Austin Patten, who has been so seriously sick for several weeks, is able to be out again.

Miss Fannie Williams of Springfield, has been visiting friends here for a few days.

The little son of Mr. and Mrs. Lewis Nelson is seriously sick at the home of his parents.

Everybody will soon be living in the open air, day and evening. There is nothing quite so soothing to the senses as a lot of comfortable porch pillows strewn about the veranda.

Country villages, as a rule, are a little lame in two things. They neither have good enough fire protection or sufficient force to protect the citizens against burglars, especially when those of the postoffice or bank variety come around.

Miss Harriet Johnson of Pleasant Ridge, Ind., who has been visiting here, has returned home.

Peary's Own Story Thrilling Adventures in Arctic Hunting: Preparations for the Long Night

Here in quick, terse language as vivid and dynamic as lightning, Commander Peary describes the great hunting; the stocking up of game food,—deer, musk oxen, and polar bear; the laying-to of the Roosevelt for the long winter night amid the ice, awaiting the Spring and the sunlight for the final dash.

No narrative since Caesar's own book on the Gallic Wars has contained such graphic detail handled in so simple and self-revelatory a style. *De Bello Gallico* is a Latin Classic; Peary's *Discovery of the North Pole*, as instalment after instalment appears, is slowly forming the conviction in men's minds that here is an Anglo-Saxon Classic.

The Vast Riches of Alaska

Will the Morgan-Guggenheim Combination Acquire Them or Will They Benefit the Whole People?

By Benjamin B. Hampton

If you read nothing else in the whole month of April we urge you to read this Alaskan sensation. It tells the story of the great natural wealth of Alaska in figures that no mind can grasp. One estimate of the gold, the copper and the coal amounts to \$17,079,500,000, and from this the estimates range as high as one trillion, five hundred and thirteen billion, nine hundred and thirty-five million dollars!

Will you and your sons inherit this property? Or will it fall into the hands of the Morgans, the Guggenheims, the Rothschilds and perhaps other great trusts?

RAILWAY AFFAIRS

Official notice was received here Wednesday morning by Mr. O. C. Farrell, freight agent for the Pennsylvania Railroad company at this point, that all employees on the Pittsburgh division, which includes Newark, effective April 1st, will receive a horizontal increase in their salaries of six per cent. Train men have received notice of an increase per hour in their wages which will equal between ten and eleven per cent. The increase will affect about 45,000 persons.

H. B. Dick, division engineer, and A. R. Clayton, claim agent of the B. & O., are in Mansfield on business.

Recovering From His Injuries. J. T. Gleckner, the B. & O. railroad fireman, who was so badly injured at Chicago Junction a few days ago, by being thrown from a car when two cars of his train were derailed, is nicely recovering from

his injuries at his home on South Second street.

Fast Recovering. Samuel Oettinger, a well known molder employed at the B. & O. shops, who has been unable to work for some time on account of liver trouble, is now nicely recovering, and hopes to be able to be at work again in a short time.

Ready for the Throttle. Engineer Claude M. Ricketts, who had the misfortune to severely sprain one of his hips a short time ago, is now reported as making a good recovery, and the indications are that he will soon be at the throttle of his engine again.

Mr. Francis Better. Brakeman Floyd D. Francis, who had one of his ankles crushed a few days ago, is rapidly recovering from the effects of the injury.

Condition of Mr. Ferrell. Martin Ferrell, a machinist employed at the B. & O. shops, who has been nursing a bad carbuncle for some days, is much improved, and hopes to be back at work again in a few days.

HON. W. A. ASHBROOK SECURES PENSION FOR CAPT. RUFUS PUTNAM

That Congressman Ashbrook is still looking out for the interests of the old soldier is very forcibly demonstrated every few days. Not only has he been the means of securing hundreds of pensions for old soldiers and their widows, but he has been the means of securing favorable action on many special bills for the relief of old soldiers. A telegram received by the Advocate on Tuesday is to the effect that he has just succeeded in securing the passage of a special bill for the relief of Rufus Putnam, of this city, who served with honor and distinction through the Civil war, of \$24 per month. This is a most deserving case, and the hundreds of soldier friends of Mr. Putnam throughout Licking and adjoining counties extend their congratulations to him as well as to Mr. Ashbrook, who has proven himself to be the hardest working congressman in their behalf that the district has ever had.

300 Gold Handle Umbrellas \$1.00 A Piece

This bare announcement should fill this department to overflowing—The cloth is fine—There are two qualities—One a heavy mercerized fast black gloria that looks like silk—The other closely woven serge cloth that sheds water like a "Duxbak"—300 to close from, long 10-inch gold handles, gold knobs with pearl stems, plain silver and silver and pearl handles with abig variety of the plain mission handles and natural sticks of various kinds with inlaid silver trimmings—This showing has never before been equalled in a \$1.00 umbrella, and as this represents a manufacturer's clean up there will be no duplicating.

The J. B. Corset Styles For Spring 1910

Will be on exhibition this week in our windows—This is a Corset that is made to suit the ordinary person. They are made of strong, good quality coutilles and batists. They are made by the agents of the French P. D. Corsets and modeled along these lines. Medium in style, but still giving all the length below the waist that the average woman wants. Prices from \$1.00 to \$2.50.

Muresco Wall and Ceiling Decoration

Muresco is a mineral substance. When mixed with hot water makes a solid compact semi-paste composition, which does not crawl or separate under the brush, spreads smoothly and evenly, very easy to apply.

One 5-pound package of the Tints will cover from 300 to 350 square feet, one coat, at a cost of 35 cents

Can be used over plaster or paper, be remurescod or papered over. More satisfactory than paper and far cheaper, giving more pleasing results for less money. A color card or further information for the asking.

SHAI & HILL Modern Dentists

Progressiveness is as necessary in dentistry as in other professions. Those who fail to keep step with progress must fall short in the service they offer at the same price we charge for up-to-date work.

The progress we make, however, is along rational lines, perfect safety and painlessness to the patient, maximum efficiency with minimum discomfort, these are the objects we constantly bear in mind and toward which we constantly strive.

LITTLE PROBLEMS OF LOVE AND MARRIAGE

The Husband Who Beats His Wife.

By Barbara Boyd.

DEAR MADAM: I would like you to publish your opinion of a married woman who loves her husband and is good and true to him. She is a woman who loves her home and her children. He is a man who is kind and loving and then the children; have had some narrow escapes. The wife would be killed before she would have him arrested or bring any disgrace on her children. The wife had a good start given her when she married him. He has lost it. Now the wife would be satisfied if she could only have peace and happiness.

MRS. E. Yours is a hard problem. I do not believe in a woman or children being ill-treated by a man. If he is kind and loving at other times can't you, by talking it over with him and arguing and reasoning about it, help him to overcome it? Can't you also avoid all causes of these fits of temper? It is lack of self-control which seems to be the trouble with so many men. So can't you help him to cultivate self-control? If none of these avail, sometimes by standing up for yourself and repaying him in kind, you may bring him to his senses. I don't approve of this, because I do not even believe in quarreling, but with some men the meeker the woman is the more they will maltreat her. If they see she has got enough to take care of herself and intends to do it they will back right down.

If it keeps on, regardless of the seeming disgrace, I would tell him plainly I would not live with him. No woman should permit herself to be beaten by a man.

CAN A WOMAN BE HAPPY WITH A DRINKING MAN?

Dear Madam: I have been following your articles in regard to love and marriage with great interest, and I would like to have your advice on this subject. In the first place, my husband is a drinking man and I feel that I am growing cold toward him, but can't help it. Now, when we were all single there was a crowd of young folks that would go out together. So I went with a young man about eight months. We quarreled and parted. My husband's sister went with him and they got married, and that throws him and me together very much, as we are now in the same family. Every time we meet there is such a strange

feeling comes to me, which, I am afraid I must confess, I think is love, and I think it is somewhat the same on his part. When I am at his place he looks at me so that I feel so embarrassed that I don't care to go. Only for his wife's sake do I go, as she is my sister-in-law now. It seems when my husband drinks so hard my whole heart cries out for the other man, as he does not touch it and that's what makes my life so hard. I know I will always be true to my husband, but it is hard. That's the reason I write to you. Don't you think a woman loses her love for a drinking man? Please publish this in your "Little Problems."

A CONSTANT READER. You have indeed a hard problem to work out in a husband who drinks and you have my utmost sympathy. You want to cut out all thoughts of your brother-in-law, kind and loving, and what might have been. Resolutely shut such thoughts out whenever they try to enter. They will only make you unhappy and to encourage them and dwell on them may in time lead to trouble. If you keep resisting them they will eventually leave you.

The thing to do is to try to reform your husband. That is easier said than done, I know. Thousands have attempted it and failed. But others have succeeded, and it is the only road open to happiness. I do not know whether he will listen to argument or is anxious to reform, or how great a hold it has on him. Sometimes the craving for drink is merely a desire to vary the monotony of a hard-working, colorless life and the person knows no other way to do it. His idea of a good time is to go on a spree. If you could make the home particularly pleasant and prepare little surprises in the way of treats and jaunts and show him that you are lovingly and patiently anxious to help him to a happy manhood, it might produce good results. There are cures, too, that will really cure the most confirmed cases. I have seen it done myself. It seems to me the right kind of love would not grow cold. It would only deepen in an intense desire to bring him back to the man he was when you married him. The wreck of manhood is a pitiable thing, when one realizes how happy life can be. If you will send me your name and address I may be able to help you still further.

CANDIDATES INITIATED INTO ELK LODGE

A most interesting session of Newark lodge No. 201 E. P. O. Elks was held Tuesday evening and five candidates were initiated into the mysteries of the order. The candidates, Lewis H. Baker, D. H. Alsop, C. Fred Woodard, J. G. Parrott and Homer Danick, were put through in the latest approved manner by the

energetic initiation team. Following the secret work the members enjoyed an elaborate buffet lunch served in the club rooms by Caterer Joseph Kuster, Jr., and a most enjoyable smother was held afterwards. Six Elks, members of the House of Representatives were in attendance, the guest of the lodge upon the invitation of Hon. Robert Howard.
